To Whom It May Concern,

Being informed of your efforts to limit access of individuals to services of formulary pharmacies, I wish to express my opposition to the Draft Memorandum being proposed by the FDA. In particular, I object to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

Please help preserve the individual doctor-patient-pharmacist team in our country.

Thank you.

Sincerely,

Mary E. Batrow
